My sincere sympathies to all of Rae's family and friends. I had the pleasure of working along side Rae for over 30 years at Canadian Tire. Rae always showed kindness and patience to those he worked with. He worked with complete dedication to his responsibilities often working many many extra hours to see projects completed on time. He valued his family life and exemplified what it was to be a true gentleman. I am grateful to have been his coworker and friend. Rest in peace Rae. Your friend Erna Roscheng

Rae and Joan were our next door neighbours.If you can find nicer people,, we would have a hard time believing that to be true! Rae didn't say a lot,but when he did we sure wanted to listen!. One of the good ones is gone and will be missed.

To all the family of Rae and Joan, our most heartfelt sympathy at this difficult time. Debbie and I both worked with Rae at Canadian Tire for many years. When I first met Rae in 1968, he became a coach and an instructor, as well as a friend, as I tried to find my way as a programmer. Rae was gentle and demanding, at the same time. Rae was the initial master of CTC's inventory management computer sytems. He was a pleasure to know, and Rae leaves us with many great memories. Peace be with you.
