Sincere sympathy on the loss of Mother Lamb. We have known her for more than 60 years! She was a great friend and we loved her very much. We were happy to travel to Ontario for her 105th birthday party and we had really good visits with her. She was like a second mother to Rod and she will be very much missed. Rod enjoyed his telephone conversations with her. She was a hard worker and always enjoyed music events.

Our very sincere condolences go out to Viola's entire family & friends. Aunt Vi was a very important part of both our lives ... Gary's uncle was Orville Adamson, with whom Vi had a special relationship and partnered with for many years. Madeleine's Dad and Mom. Gilbert & Simone Robitaille also had a great relationship with Vi and Bill , Orville as well, for many years . They had great "music" parties and always enjoyed each other to the fullest ! Aunt Vi made it all happen and she was always there to offer support to everyone who needed it. We will forever remember Aunt Vi with love and admiration.
