To John and family: We are so sorry for your loss. Paul especially always appreciated your hospitality whenever he visited. Lately it was only by phone, but we will miss her calls and treasure her memory. Paul & Marie

We will miss Aunt Joan. She was such a special lady who has been a positive influence in many lives. May your memories bring you all comfort during this difficult time. She and Mom are probably having a long chat and a glass of wine. Thinking of you all and sending our love and sympathy. Howie, Erin, Graycen and Peyton (Who was given Joan's middle name)

My deepest sympathies to you and your family John. It was an honor to help take care of Joan and I was so glad that I got to know her during that time. I am also glad that I made it to Hospice to spend some time with her even if she didn't really know who I was. All the best John, as your day to day life continues without Joan by your side. Take care of yourself. Kate

We are saddened to hear of Mrs Coupers passing. Slade and Sophie have many fond memories of all the kind things Mrs Couper did for them over the years here in Point Clark. I always appreciated her thoughtful gestures such as cutting out all the articles or pictures of our kids in the local newspapers for us! Joan (and John) always spoiled the kids...always so eager to hear updates on their sporting

activities and often passing along little treasures that related to the kids interests. She was a kind neighbor and friend. Thinking of you all,;"sending hugs and sincere condolences xoxo the Twolans
