

CHRISTOPHER MORRIS

Chris was an amazing man and friend. Chris lived in our apartment building in orillia. He used to read to his little buddy Alex every night in the lobby. Not sure which one loved it more Chris or Alex. They really loved each others company.. sadly when he was transferred to gravenhurst we didn't get to see him, we talked a few times on the phone. My heart goes out to his family., he cherished you all so much and talk of you often . RIP my friend, I will read a Robert Munch book to Alex in your honor

Chris was always ready to share a joke or a tale from the past. During one conversation, he mentioned his sister had attended school in North West River. Decades ago, my cousin taught at that school. Small world. He will be missed. Sorry for your loss.
