---

To Karen & the Young Family, Please accept my deepest condolences for your loss. Dave & I used to work together at the old Bell Canada warehouse. We were made up full-time and transferred out to Brampton at the same time, and then were moved back to the warehouse when they closed that location. We worked mornings together in the return materials dept., and also on the afternoon shift selecting orders. He was a lot of fun to work with, or hang out with after work ... a real gentle giant and kindhearted. May he rest in peace.

---

So very very sorry. My first memory of Dave, he was happily sitting on his Mother June's lap and she was putting a little curl in his hair. He was six months old, always happy, kind and totally committed to his family.

*Susan Sheridan Meckiffe*

Livers, you are my best friend and a soul mate! I was 18 when we meet. I was like your little sister. You treated me like a princess. We got each other, laughed all the time, on the snow mobiles every weekend, camped all summer and spent a lot of time at the beach. We traveled and did so many fun things. We had more fun together than anyone I know. Late night dance parties in your kitchen, dancing around our campfires swimming in the lake and pools, you doing every silly thing I asked just to make me laugh. Me playing those same Elvis songs for you on blast and all the many silly fun things we did and said no one else would get. You were never the average guy, you were special and fun like no one I knew. No one can make me laugh like you. You were always spontaneous just like me and just wanted to be a free spirit and we were. I regret leaving you all those years ago when I moved. I went through old pictures of us all and found hundreds and so many years of amazing memories. I remember your laugh and big smile, all the funny things you would do to make us laugh! I'm never going to get over you being gone Livers. But I do know your with me now. I love you Livers! My heart is broken. To your family my sincerest condolences and love to you all. He was special and unique. ' He was my best friend. '
