We were surprised to here about Dan's passing. He was always in good spirits and always had time for a chat. He had a great sense of humour. I will never forget when Mary and I visited him at Toronto General hospital right after he received his brother Marty's kidney. He found it quite humorous that the first meal they gave him was Steak and 'Kidney' pie!

So sad to hear of Spikes passing. Can't help but laugh remembering some of the memories we shared...calling to loons, tobogganing on a piece of cardboard, skating across the marsh with a bed sheet sail. He surely was one of a kind and will be missed by many family and friends. My condolences to the family
