I had the Honors of working with Dr Ritchie as an obstetrical nurse at Mt Sinai. I admired his respect for his patients and he always tried his best to protect their dignity as much as possible. This was something that all the doctors who trained under him was stressed. He truly was a gentleman who treated all staff as equals. I think we all learned something from him. R.I.P Dr Ritchie. The world has lost one of the best.

I was so sorry to hear of Knox's passing. I was priviledged to meet Knox as a sailor in Northern Ireland , subsequently as teacher ,mentor , researcher and colleague. He established the high risk pregnancy unit at Mount Sinai Hospital with associated clinical and basic research to form the world class unit that it became. Sincere condolences to family and friends. Robert and Julia Morrow

Through friends at Tiny Beaches I was so fortunate to meet Knox. He was always gracious, witty and interesting. Despite his extraordinary achievements, he made everyone in his presence feel welcome and esteemed. My heart goes out to wonderful Libby, his family, and so many close friends and colleagues.

It was a pleasure and an honour to work with Dr. Ritchie during his tenure at Mt. Sinai Hospital. He was always a gentleman and treated his patients and colleagues with the greatest respect and the most outstanding level of care and skill. Physicians like Dr. Ritchie are a very rare breed. He will be fondly remembered not only by me, but by anyone who had the pleasure of knowing and working with him. Deepest condolences to the family of Dr.Ritchie.

My sincere thoughts to all his family . I spent 30 years as part of his work family and he hired me in his beloved Fetal assessment unit in 1989 A dear friend who supported each other in various situations .. Cheers to you glad we talked the week before you left us all saddened.beyond words at your passing and leaving us behind .

I am deeply saddened to hear of the passing of Dr. Ritchie. Knox was an inspiration to his obstetrical residents. He imparted sound advice and instruction, always. We shared a common history of service in Zimbabwe. My career in international health remains to this day, a small tribute to his excellent example and mentorship. Thank you, Dr. Ritchie. May the family be comforted at this time of great sadness. Paul Thistle Karanda Mission Hospital Zimbabwe
