

ARTHUR RICHARD MARSHALL

On behalf of the members of Coronation Masonic Lodge No. 466 in Elmvale we offer our condolences to Bro. Marshall's family. Dick was a 50 years (plus) a Mason and valuable member of our Lodge. he will be missed.

Coronation Masonic Lodge No. 466

March 8, 2023

My condolences to the Marshall family on Dicks passing. We often golfed together and knowing his accounting background we always joked about his creative score keeping. He was a great neighbour and we shared many an evening at the Masonic Lodge together. Rest in peace.

I always called him Prof. Marshall, out of respect. He was a wonderful person, with a very unique personality, especially for an accountant (most of the accountants in the Faculty were bland).. No one could ever forget his office!! It was like a tornado struck but he knew where everything was. And his expression "fun and games" echoed through the halls. Faculty politics could be cruel, but I never recalled that he participated. I wish more professors would have had his qualities, we would have a better world. May you rest in peace Prof. Marshall and may your memory be a blessing.

I met Dick in Bradenton, Florida. And enjoyed playing "horse race" card game with him, Lynn and friends. And he offered his accounting knowledge to the local community in the sunshine state. My thoughts are with Lynn and his family.

I saw the obituary in the Montreal Gazette this morning and I just wanted to pass onto the Family how Professor Marshall was such a wonderful professor. He was inspiring in his own way, classy, professional and always willing to talk about the accounting profession and life ! RIP
