I worked many years with Al at DSMA and Aiolos Engineering, including on site assignments in Sweden and Korea, a great project team player and a pleasure to be with. My heart-felt condolences to family and loved ones.

I only cared for Albert a few times. He was a very sweet man. May Albert rest in peace. My condolences to his family.

Al was a gentleman. He worked at Aiolos when I started there. Al was always kind and thoughtful, and I'd heard many stories about how he always put others before himself.
