Sue was such a welcoming person to the community and we have missed seeing her car trudging up our road with our daily mail. She would remind me of my niece's upcoming birthdays! Our condolences to James.

My sincere condolences to James on the passing of your Mom. She was so very proud of you, as she told me in our many chats during her time at the hospital. May she rest in peace. Susan was a pleasant and a lovely person and such a hardworking woman during her journey. Lynne

Our sincere sympathy to James and Susan's family. Susan was our "mail lady" for many years and we have missed her the past year. Any time we spoke with her she always asked about our kids and grandkids. Many times she went above and beyond to make sure that we got our mail even if it was addressed incorrectly. She was a lovely lady and will be missed!!

Sue was our "mail lady" for the past 12 years. She did an outstanding job, reliable and friendly. She was devoted to her husband and so proud of James. We will miss her anecdotes about the area and her wonderful sense of humour.
