I remember Mark from my time stationed at Borden front 1989 to 1991, and working at Base Construction Engineering in the Utilities department. Mark was a great worker and full of fun to be around. He was just one of those people that got along with everyone. Always smiling and telling his stories. We had a great group in our Utilities section and Mark was a key part. I had the pleasure of meeting up with Mark at our Weber's Hot August Nights car show last year. I was reassured to find that his fun loving demeanour had never changed. I am saddened to hear of his passing. To Mark's Family and Friends, please accept my condolences.

Lorraine and family, We are so truly sorry for your loss. We had many great times with Mark and his music. He was so very kind to our mom Cecile, after Dad passed he would stop by and play for her, even went to Champlain manor and played for her , and many other residents at her door. He had a BIG heart, and generous sole. Mom use to have such a fun time in the Church choir with him as well.

So sorry to hear of Mark's passing. Could not hold back a few tears the day I heard this terrible news. I first met Mark many many years ago on a grain boat docked in Port McNicol where he worked as an engineer. I took a liking to him right away, he always had a smile and a joke every time we met. Over the many years of knowing him he had come to our home many times, sometimes to play music which he was so talented at and other times just dropped by to chat and of course to tell a new joke. He will be so deeply missed by so many of us. Rest in peace my good friend.

I would like to send my sincere condolences to Lorraine and family as well as all the rest of the St Dennis clan. I have such a fond memory of Mark and his dad bringing instruments to the cemetery when we interred my Grandpa Lesperance. They played music because they new he would have loved it. That's good people! An act of kindness sure makes a difference even if you don't know it at the time. '••'
