

## REESE DUNSFORD

Roslyn, I have many wonderful memories with you and Reese at the cottage, he always loved a good debate and I was always a willing participant, what I remember most is that infectious laugh of his especially when he thought he had me beat! My thoughts are with you and the girls☐

I am so so to hear of Reese's passing Roz. My condolences to you and your girls. I first met Reese in 1946 when Art and Becky bought Wymbolwood Beach Lodge. I have so many happy thoughts of Reese beginning with him playing in the sand. I can't begin to talk of all our meetings over the years. All good. My thoughts are with you. Bless you and family. To my friend Reese. I will Miss you even though we haven't seen each other for a few years. The family enjoyed all our time at your cottages . Of course we use the word "Cottage" loosely Our hearts and love go to Roz and the girls. We always had a special place In our hearts when we spoke about our times at Wymbolwood. It is not often That there is a connection with people as we all felt with your family.

Reese was my neighbour for my whole life, he always made me smile. The fireworks and bonfire nights he would put on for us on the beach when I was a kid are some of my fondest memories.

Rosalyn, this is late as I was unaware Reese had passed away. We were good friends in 1966 to around 1970 when we lost touch. We met when I was working part time at a gas station on Yonge Street near his Coin Shop. I have viviid memories of coin shows, painting fences at Wymbolwood Beach, and of what a wonderful and generous friend he was. I'm so happy that ha had a great life and loving family, and I regret waiting too long to reestablishing contact with him. He was a special person.
