

BRADLEY JOHN TOWNES

Brad was an incredibly kind and friendly person. His cheerful disposition was infectious, and he had a knack for sharing a funny joke or greeting us with a warm smile whenever we met. His handiness was truly remarkable. I'll always cherish the special gift he made for my front door on my birthday this year. Brad's kindness extended to both myself and my husband. I'll forever remember the time he arrived with all his tools, accompanied by my mom, Joanne, to help us hang up a mirror and change our front door lock! Moreover, he and my mom shared many cherished memories, and it was always heartwarming to see them spending time together. In our last conversation, he congratulated myself and my husband on our pregnancy announcement and shared his excitement that the baby's due date is March 18th, which is also his birthday. Brad's absence will be profoundly felt, and his memory will forever hold a special place in our hearts.

The loss of such a dear friend Brad leaves me deeply saddened. Brad was not just a hard worker, but he was also a true gentleman. His caring and loving nature defined our friendship. He made me feel like a princess and was my partner in crime. My love for him ran deep. Snowball will surely miss all the walks Brad took her on. He was so great with animals. Our time together was a tapestry of shared experiences " from exploring fairs and leisurely walks to daring new escapades and so much more. Brad's warm humor and knack for jokes always brightened our moments. We even found joy in shopping for cowboy boots and hats, adding a unique charm to our bond. We embraced life's little pleasures. Brad was not only a great companion but also a skilled cook and baker. His culinary delights brought so much joy. He was also an enthusiastic gardener, generously sharing his garden's bounty with many. Brad's absence leaves a void that cannot be filled. I am profoundly thankful for the privilege of knowing him and creating these cherished memories. He will forever hold a special place in my heart, and his legacy lives on in the enduring bond we shared. "" •

To the family, I met Brad many times at my apartment in Bradford, at Joanne's, and her daughter Michelle and son John's place. Joanne & Brad would talk about all their garage sales they'd go to, and all their weekend adventures and getaways. They enjoyed swimming, skating, walks with Snowball, concerts, comedy clubs, movies, shopping, craft sales, truck shows, Burel's Creek, demolition derby, Christmas lights display, and so much more. They both share a great love for woodworking, gardening, and getting up early. They got along so well. Brad was so good at helping look after Snowball while Joanne had appointments or was visiting her son in Sudbury. Brad made me my favorite chocolate macaroons. He cooked Easter, Christmas, and Thanksgiving turkey dinners and would always pack some up for meals. So kind, gentle, caring, and hardworking. Such a great family man. He's funny, great with grandchildren and great-grandchildren. Brad enjoyed sharing stories with me about his children Katie & Kris and granddaughter Quinn. It seems like we've known him forever. Our hearts are with you during this difficult time. Love Marilynn Reynolds (Joanne's Mom).
