This tiny lady was an amazing person. I was a PSW for her and Larry at Hartman. Always enjoyed my visits to their apartment.

Dear Heather and all of Wilma's family; my deepest condolences for the lost of your wonderful mother. She was a very dear, sweet lady that I had the very good fortune in meeting when she was at Tiffin House and I was concierge there. We had amazing laughs and always comparing our "bling". The world was a much better place because of her. I truly missed her after I left Tiffin House, but was lucky to have run into her a few times throughout the years. I am sure she is making a big impression on the dear Lord and having the time of her life, as she never did let life pass her by. She was a joy to all she met. God bless and keep you in his love at this time of loss, but hold close all the great memories she has left you.
