Dear Catherine, we were very sad to hear of Bill's passing. We first met you and Bill when we moved to Hillsdale in 1988 and were neighbours. We have so many great memories of Bill. Both our daughters, who were little girls at that time, always referred to him as grandpa, along with all the other kids on the street. He helped me out many times by repairing something that had broken or wasn't

working properly, especially my chainsaws. The one that stands out for me the most is about 10 years ago I went to see him about a generator I had bought that only had a one liter fuel tank that would run dry in about an hour. He told me to leave it with him and he would figure something out. When I went back he had improvised by rigging up a 5 gallon jerry can with a fuel line and connected it to the generator. I never had to worry about running out of fuel at our trailer again. When we went to visit at the farm and then in Elmvale he would always give me an armload of vegetables to take home when we left. Those memories and many more of Bill will stay with us always. He was a very kind soul. Blessings! Clyde and Carole Dorey

I learned so much from him that it is difficult to express how much of an influence he had. Every summer spent up at the farm taught me more and more. I'll never forget how caring he was above all. Rest in peace, Poppa. I hope to be half the man you were. And thank you for everything.
