Mr. Sherman was a beloved friend to the Sinclair family. He hired my sisters and I when we were in middle school to help tend to his garden. Im sure he could have hired much more talented gardeners but year after year he welcomed us back until we entered high school and moved on to other routines. We loved going over there as he would always come outside and make jokes to ensure we didnt leave without laughing. He also used to surprise us with pop (the only time we were allowed to have it!) Which of course we loved! He even gave us our first tickets to a Blue Jays game. The point I am trying to make is he was such a generous and kind person. There just arent enough words to describe the kindness he extended towards us as kids. Whenever we bumped into him as adults we just picked up where we left off, friendly banter. My heart ached when I learned of his passing. He will be dearly missed. His memory will live on through those that were privileged to know and love him. The Sinclair Family will miss him forever.
