

MADELINE HOBSON

Rest in peace Madeline. Your friendship was a real treasure.

Grace M Knott

March 15, 2016

It made me smile to see that Madeline introduced the geranium as the emblem flower for Parry Sound Horticultural society. The sturdy, long blooming, dramatic, varied flower could represent our horticultural leader herself. I feel privileged to have been a part of the first District 18 flower show judging school. As her students our work was part of the decor for the AGM of the Ontario Horticultural Society held in North Bay. We were all inspired by the energy and passion with which she approached everything! Rest among the flowers Madeline, Betty Morrison

My sympathy to the family of Madeline on her passing. Although I didn't know her well I was aware that she was active within her own society, at the district level and as a past president of the OHA.

Judith Rogers

March 17, 2016

Our sincere condolences to the family of Madeline Hobson. As a district 16 Society, we very much appreciate the contributions and dedication that this lady gave to her community, her Societies, and to the provincial association. Her list of accomplishments and places of employment are extensive and impressive, besides raising a family as a mother. She was an excellent example of what can be accomplished and how to achieve the goal. Certainly a success in her favourite areas of interest and talents.
