Many fond memories of meeting the "Carson" family in the 1960's - Roy, Grace, John and Mike at "the beach". Recently had a conversation with John and realized that he was still "a character". With deepest sympathy to all the family.

A Father. A Brother. A Poppa. A Friend. You were all these things. Things that will be truly missed and yearned for untill we all meet again, in eternal bliss with your one true love. We Love you. Xoxo
