Sorry we couldn't be there to say good bye Jay. Matt still is lost and sad about your passing being your best friend. I will be sure to take care of him for you Jay like you told me at our wedding. We love you and will be thinking about you until we see you on the other side. Paul I never got to meet you but I am sooo sorry for your loss. Cheryl you know how to get ahold of me if you need to love you Jay forever
