Ken miss you more then anything, I hope your resting peacefully. Appreciate the love and support you gave me over the years and all the smiles you brought to my face.. The many endless hours we spent together the secrets we shared, life lessons, stories. We had a lot in common, especially same hobbies of interest. landscaping building sheds, decks, fences I really got to know you see what an amazing man you truly were. Teaching me how to be a hard worker. and that hard work pays off, You don't need a lot of money in life to be happy, Love, respect be kind and forgive Live simple and within your means. I will always miss the great times and laughs we shared. Ken-Pops, you will be remembered always never forgotten. I Love and respect and cherish our friendship/ father son relationship over the past 40 years. Ken you will be sadly missed, our hearts are broken. I will meet you in the journey ahead. Dearest Ken, It's September 28th at 10:46 pm. I passed by the cemetary today with Jenny. 3 days and it was all over still can't understand what happen ? I will never give up looking into what happen and getting answers from your autopsy. My heart tells me your resting in peace but I'm waiting for more results. I can't live on and be at peace without answers. We had 41 good years together you were my friend partner my everything. I'm so glad my friend Pat, was a mutual friend she brought us together. I will always be thankful to her. Our memories will live on till we meet again one day. Love Pauline and family forever xoxo
