To the family of Denise, Sincere condolences to your family. It was a definitely a shock for Mike and I when we read Denise's obituary. Denise and I spent many hours together golfing in our younger days when I spent the summer working with her at Molson's. She definitely has left wonderful memories with me through the years. Even though we have not stayed in contact throughout the years, her memory and great times together will always be with me. I hope the great memories you have made with her will help you through this difficult time. All the best, Anne Arksey
