PEGGY BROOKS

Susan, to you and Richard most sincere condolences. Your mother was a good friend whom I will always fondly remember Eva Firla

Eva Firla

I only got to meet Peggy a few years ago while working with her on the beach association. Her quick wit, intelligence, and determination were brilliant and held us all to account. I admired her courage to persevere through challenges. I will deeply miss her kindness and our friendly chats.

My deepest sympathies go to Susan and your family and all Peggy's friends. I had the privilege of being her hairdresser for many years, both in the salon and for the past 15 years, at her home. I will miss her.

My wife Sherry and I are deeply saddened to hear of the passing of our good friend. Peggy was so fond of Sherry and always reminded us she never understood why Sherry married me. Such wonderful laughter and memories. She's with Mugsy now.

Susan and Richard, I am sorry to hear of Peggy's passing we have been friends for so many years, she had quit a sense of humour. We had many long conversations on the phone and each on would contain "well I should go now" ..... oh, did I tell you and the conversation would continue until "well I should go now ..... oh, didI tell you and the conversation would continue until "well I should go now..... We had so many wonderful phone conversations. Peggy will be missed by many, but now she is reunited with Don. Praise God.

We're sorry to find that Peggy has passed away. She was a very long time neighbour and will be missed by myself and Paula who was also a Bell girl and shared experiences at Sina's 80th birthday party. Peggy's passing leaves a large hole and we wish her a happy afterlife.
