I am so sorry to hear of your Mom's passing. I have fond , fun memories of her. I met her when we were both doing our nurses affiliation at the Psych Hospital in London. We were there for 3 months sharing a room in the residence. I was training at South Waterloo Memorial Hospital at the time. I invited her to come home to Listowel with me for a weekend, and got her a date with your dad who was a friend of another Milverton Jim that I was dating at the time. As they say the rest is history. We lost touch over the years but I thought of her often. You are in my thoughts and prayers,at this sad time.A mother is a special person, and you will miss her.

My condolences to the McKee family. Eve and I trained together at St. Joseph's Hospital and lived down the hall from me in the residence. Eve and I worked together on the pediatric floor at Stratford General Hospital. Eve was an excellent nurse and liked by all who worked with her. She will be missed. Anne

Donna Richard mart Ellen and families. I am so very sorry for your moms passing. I thought about her so often the last few years - both her and your dad became like family to me - I loved our visits when they ventured east and when I was fortunate to get back to Ontario. I still fondly remember my days on the farm in mill bank and will be forever grateful for their continued love and support I am truly sorry for your loss
