Dear McGrath Family I was shocked and saddened to learn of Kelly's passing. Kelly and I were classmates growing up and although it has been years since our paths crossed, when I looked at her picture and read her obituary it was exactly the girl I remember. I can hear her voice, her song, and that hearty laugh; see her walk down the hall at school and playing volleyball in the gym... She was a kind friend to me many times. She is someone that even though many years have passed without seeing each other, I never have forgotten. I offer you my deepest sympathy and know for sure she is at peace in rest. Sincerely, Lisa Lawson-Pighin

Kelly was the first person I met when I started school at HCES in Grade 5. She was such a gentle soul who was friendly and accepting of everyone. Kelly loved singing and one I remember she sang quite well was "The Christmas Song"... and Elvis, too. Whenever I would see her she would always give me a great big hug and a smile. I haven't seen her for about 5 years but her smile and kindness will be with me always. To the McGrath family, I was very saddened to hear of Kelly's passing as this is a great loss for your family. She was taken way too young, and will be missed by everyone who she touched with her smile, laughter and her big heart. ☐

I was sorry to read about Kelly. Kelly and I played baseball together many years ago for Phelpston. Kelly was an amazing pitcher. She was fast, consistent and very accurate and she rarely needed a substitute. As a substitute pitcher for the team I remember silently hoping that Kelly would miss a game so I would get the opportunity to pitch, but also silently hoping she was there as it almost always guaranteed us a win! I will also always remember her big laugh.

That contagious laugh...that beautiful singing voice...that wry wit. Kelly, myself and many other amazing women and our trainer/mentors were part of a great apprentice lines crew at Ontario Hydro decades ago. What a great experience! My condolences to the McGrath family for your loss. Her spontaneous and large laughter, though, lives on in our hearts. Taken too soon. Hugs!
