I'm still so sad, having heard of Allan's passing a few days ago. AK, as he was known to us at Brock University, was a beautiful human being, a great friend and a great intellect. He was totally one of my favourite people. I have always felt very fortunate to have shared a lasting friendship with him. My heartfelt condolences to his wife, friends and family.

Tim, Deb, and family, We would like to extend our deepest sympathies. We have a lot of fond memories of our times together. Perhaps the most memorable I have was during a golf tournament when Alan asked “do you want to win or have fun?” We did both, as did all those who knew him. Thinking of you during this time.

I met Allan while at the AGO - He was using the art studio for a project one summer. I was in another studio working and listening to some music when a dapper fellow in a light summer suite popped in saying he had heard the sounds drifting down and needed to know who it was. Charles Mingus I said. We were friends ever since. He was a wonderful friend, always supportive, helpful, with a keen interest in my work. Always a laugh at the meaning of a word or the turn of a phrase. Whenever he called it was because he had a ‘thought’ - because he was always thinking about his friends. I’m sorry, I am thinking of him and I’ll miss him . John

Cousin Allan, so sad to have you taken so early. Dashingly handsome, keen observer of all around, creative problem solver, strategic thinker, deadpan humourist, wits bright as could be. And so damn generous. Like a big brother looking out for others. Allan made good connections happen for people he cared about. I will always be grateful to Allan for the great kindness and thoughtfulness he showed, introducing his wonderful friends Kerry Kim, John Booth and Arounna Khounnoraj to my then wife Tai Kim and me. It led to wonderful work opportunities for Tai teaching at the AGO, teaching at Kerry's art school in Mississauga, and for me, Kerry's friendship led to my role as an Illustration Instructor at Sheridan College for a year. Allan made things happen for people with the skill of a chess master. Nudging a friend toward an opportunity. All on his initiative, because he had intuitive insights on people, their strengths, their needs, and he stepped in to give. I will remember him for his heartfelt generosity. Deepest condolences to Audrey, Ron, Tim, Debbie, Jarret, Justin and to Allan's many friends.

Since I heard the news about uncle Allan’s passing I have been thinking about all of the memories I had over the last three decades. From being my musical guide at a young age showing me the world of Lou Reed, to talking about the Leaf’s and telling me about this great email platform, gmail. The one thing that has become ever so clear for me as I get older is how life moves quick and conversations/interactions with friends become few and far in between. I wish I would have taken the time to have a few more of those chats with uncle Allan in the last few years. Luckily among these few key memories locked away in my brain I have plenty more of uncle Allan that I will hold dear. Audrey, I wish we were able to be there today with you and my family Dani, Cole and Roo to share some of those great memories. JK

Dear Audrey, Ron, Tim and Debbie and families, I was so sorry and saddened to hear of cousin Allan's passing. Like many, I have many fond memories of Allan, as I suspect he left a lasting impression on those who knew him. As a kid, I knew him as my handsome oldest cousin, one of three such boys, who we visited in Wawa one summer and of course at various Kennedy gatherings during our childhoods. In more recent years, I enjoyed catching up with Allan when we gathered in Tim's and Debbie's backyard for various occasions. He will be missed by so many. Keeping you all in my thoughts and prayers at this sad time. Love Julie & family

To all the family and friends of Allan. My heartfelt condolences at this most trying of times. I have wonderful memories of Al from High School in Wawa. We shared a mutual passion for music and so many other things. Al, Jack Hicks and I used to pal around and were at Jack's wedding together. Al used to write reviews and articles in our school paper as well as the Sault Star . He had a gift. He will always live on in my heart and soul as he certainly affected my life just by being around him. Rest easy my brother. You're pal forever John

It’s been slightly more than a year since the passing of our confident and friend. It’s been a year diminished by his absence but enriched by his memory. I miss him and I’m a better person for having known and loved him.
