Nancy & Family: Grace was a longtime friend of my Mother (Valah Cooper) for over 90 years. Mom enjoyed chatting on the phone & visiting with her. We all still refer to her as "Auntie Grace". She was a "Special Person". May you always cherish all the memories you have. Grace & Brian Hoover

Nancy and family Auntie Grace was special to our family. We feel very privileged to have taken Auntie Grace for an outing around Elmvale and Tiny township just two weeks ago. She was so alert and showed us her family farm with many fond memories. Sorry for your loss. Auntie Grace will be missed. Bruce & Lyn Kitchen (nee Cooper)

Nancy and Family - We are so sorry to hear of Grace's passing. Grace was a special life long friend of our Mom, Valah Cooper. We had the pleasure of taking Grace and Mom out for lunch a few years ago and were amazed that Grace could read the menu without glasses! What wonderful health Grace enjoyed even at 100! I enjoyed listening to them reminisce about life when they were young. Treasure the special memories you have of a live well lived.

Sorry to hear the news of Grace's passing. The world has lost a wonderfully caring, Christian woman but her soul will live on in her

family and all who ever met her. She has touched so many over her long life. To be able to celebrate the occasion of her 100th birthday was a real blessing. Thanks to her loving daughter Nancy for that and for looking after Grace so well in her last years.

So sorry to hear of the passing of Grace. I will miss seeing her smile and her wave as I walk by her window each day. It amazed me that she would still sit and read at her beautiful age of 100, and the odd day I would still see her tending to her gardens. She sure was a special lady.
