NICHOLAS STEPHEN HUSAK

My sincere condolences to you Marilyn and your family. I hope that heaven has a huge Pipe Band and I would imagine that Nick would insist on a front row seat.

Our deepest condolences to all the family. It’s truly heartbreaking to think that we’ll never again share food and laughter with Nick at the head of the table. We know how keenly you’ll all feel his absence, and wish you comfort through the most difficult times. His kindness, generosity, and weirdo sense of humour will be greatly missed. Love to all.

It is very sad to hear about Nick and I so enjoyed our visits to see him and you Marnie when I was in Ontario. Just stay strong and remember the good times. A long life he did have and you to share it with. Lynn
