

WALTER MICHAEL WOJCIK

I'm deeply saddened to hear of Walter's passing. He was a kind, compassionate individual who made the lives of so many better for being who he was. His love of family, humanitarian work and horses (even if they weren't quarter horses) was so clear and he often spoke proudly of them. He was always a calm presence when I worked with him in Crisis Services. Please accept my most sincere condolences. Rest easy now my friend.

I am so sad to hear of Walter's passing. I feel privileged that I got to work alongside him in the Dominican Republic this year. If the measure of our life is in the number of people's lives that we touched through our care, compassion and work, then Walter was truly a giant among men. With condolences.

I enjoyed working with and getting to know Walter during his many years at RVH; both with Crisis Services, and as a RN on 3NC. Walter was an inspiration; he helped thousands of people struggling with mental illness. He was very professional; keeping work and home life separate. Over the years he would proudly share little stories about his family that were precious to him. He also told funny stories of mishaps that happened at "the farm". My sincere condolences to his wonderful wife Sheila, daughter Janet, and Grandson Gavin.

My sincere condolences to Sheila and her family. I knew Walter back in the early eighties when we worked together at Muskoka Centre in Gravenhurst. He was always a kind and bright administrator. Then when I joined the army of volunteers going to the Dominican, my path crossed again with the Wojciks. It was a pleasure working with you dear Walter.....
