What a wonderful tribute in words to one of the strongest women I have had the fortune to know over my lifetime. Nancy was determined to push through her many health issues and never often did she voice how she truly was feeling. Her love for her family was above the stars. One thing you never wanted to do was to challenge her at an issue that she held dear to her heart. She would intently set the record straight. Her heart was always in the right place and she was a very dear friend to our family. So many great memories and fun was had over the years,, through good times and hard times. She will be missed by many but greeted with warm and open souls of those who knew her. Hopefully she holds that "arm" close to her heart when she passes through the big gates above. Our deepest condolences to Doc, Jeff, Jody and families from the Schepers.

My deepest sympathies to the family of Nancy! I met Nancy when she first transferred into the Barrie office of Bell Canada and we became fast friends. Over the years, although separated by life and work, we kept in touch and our most recent visit in the summer of 2021, we shared some very special memories that I will hold dearly in my heart. You will be missed Nancy, a truly loving and special woman
