

KEITH EDWIN WOOD

Simcoe County has lost a great warrior and humanitarian who was not afraid to stand up for what is right. You showed great courage and tenacity. I'll never forget when you and Ina walked out of the OPP station in Midland with a smile on your face to the applause of the large crowd, even though you had just been charged with mischief. You were never afraid to speak your mind. I'm so glad for my last visit with Keith and Ina a couple of weeks ago. Keith knew his time was limited and was ready for what lay ahead, but he was still as feisty as ever. He loved talking about Site 41 and AWARE Simcoe. You were one of a kind Keith..and will be greatly missed by all of us who were blessed to know you. I will miss the sparkle in your eyes and your gentle manner. R.I.P. dear friend.

Our sincere condolences to Ina and all the Wood family. We will miss the twinkle in Keith's eyes- his humour, his horse sense and all of his great characteristics. We only knew him for a short time, but felt privileged to have known him as a friend and mentor. Thanks for the memories...til we meet again. Happy trails. Michael and Lynda Hobbs

One of the great benefits of my working with the movement to dump site 41 was meeting Keith and Ina Wood.. They were extremely

principled and extremely pleasant. There is no doubt that they helped to inspire all those involved in the movement. My warm condolences to Ina and all those close to Keith.

So very sorry to hear of Keith's passing, I never knew him real well but had the opportunity to speak to him a few times the past few years. He was well know for sure in helping to stop dump site 41." Thank you Keith ". I met him a lot on the road, he would always have a wave and always had that special smile on his face.
